### **Speed Reading For Entrepreneurs Seven Speed Reading**

SPEED READING The average speed of reading is 240 words per minute (wpm). However, you can increase your reading speed by using some of these simple techniques. Reading involves seeing and recognising symbolic information, and the comprehension and processing of that information. The following stages involve storage, recall and communication of the information read. The main causes of slow ...

It's best to think of your reading speed as more of a range. You might read medium-level material at 200 WPM, technical material at 100 WPM and easy material at 300 WPM.

### **tmpnJtn2Speed Reading Starter Guide eBook**

According to research, the average reading speed for the general population is around 120 words per minute (wpm), and that is while taking into account their ability to comprehend the text.

### **Speed Reading Techniques: How to Read 1000 Words per Minute**

Many resources indicate that the average reading speed of most adults is around 200 to 250 words per minute. College students, probably because they must practice reading, move that pace up a notch to around 300 words per minute. To put this into perspective we can turn to public speaking and the comparison of the
