Wild Foodism is a movement embracing the answer to the timeless question: What is our natural diet? Beyond paleo, beyond raw food, and beyond vegetarianism, Wild Foodism is not just another diet with a different combination of the same domesticated foods, but rather a lifestyle that is inherently optimal to the Homo sapiens species.

### **Wild Foodism | THE WORLD'S MOST NATURAL DIET**

Cats kill billions of wild animals every year and represent a serious ecological threat to our environments. They kill more native animals than any other human-related cause, such as car collisions and pesticide consumption, and are considered the greatest human-linked threat to wildlife in the US.
