Human Development and Economic Sustainability\* SUDHIR ANAND St. Catherine's College, Oxford, UK and AMARTYA SEN Trinity College, Cambridge, UK Summary. " This paper attempts to integrate the concern for human development in the present with that in the future. In arguing for sustainable human development, it appeals to the notion of ethical "universalism" an elementary demand ...

## **Human Development and Economic Sustainability\***

The Report's theme is sustainable economic development, and the authorship team has chosen to emphasize two aspects of sustainability. The first is the importance of diversifying the economy, partially in response to oil's status as an exhaustible resource.

## **Reports | Human Development Reports**

The strongly normative nature of the sustainable development concept makes it difficult to pin down analytically. Despite these complications, the three principles outlined above do have resonance at a common-sense level. Thus there is ample justification for the elucidation of a theory of sustainable development, which must have an interdisciplinary nature. Drawing on economic, ecological ...
